Subject: Gold King Ownership Information
[Gold King Mine Ownership images.pdf](#)

Hi Steve/Mike,

Here is the ownership information adjacent to the Gold King Mine. I was unsure of the radius of interest. I will work on the "red oval" illustrated in the word document that Steve sent to Mike, next.

Yellow claims are owned by Todd Hennis.

Blue – American Eagle MS, owned by David Hendrick. We have a signed assess form from him for 2014 sampling work.

Red – Bastile MS, has several owners, none have been contacted.

Please let me know what question I should be trying to answer, AKA, how large of an area should I be looking at ownership for. I can identify all claims that intersect the North Fork of Cement Creek and Cement Creek. Also, please let me know how else I can help.

Thanks,

Liz
